INSPECTION

\$286 Z2 — walkthrough with no hazard identified

INSPECTION DATE

September 14, 2026

INSPECTOR

Review 286 Pro

REGULATORY CONTEXT

OSHA - General Industry (29 CFR 1910)

ASSESSMENT

No reportable findings were recorded during this inspection. The observations recorded during the inspection are listed in this report. This report states what this inspection recorded and what a qualified person reviewed; it does not assess conditions that were not recorded.

BASIS AND LIMITATIONS

Regulatory context: OSHA - General Industry (29 CFR 1910) — set for this inspection. HazLenz AI output is advisory and requires qualified human review; this report reflects findings as reviewed at the time of generation.

Findings Summary

No reportable findings were recorded during this inspection.

Observations Recorded

No reportable findings were recorded during this inspection. The observations below are the inspector's own record of what was observed.

OBSERVATION 1 · DIRECT OBSERVATION

Walked the full length of the packaging line during the day shift. All fixed guards were in place and secured, the two emergency stops on the infeed were tested and functioned, and the walkway markings were intact.

OBSERVATION 2 · DIRECT OBSERVATION

Checked the wash bay chemical cabinet. Containers labelled, SDS binder present and current, eyewash station inspection tag dated this month.
